- Interactive Kiosks
- Spas & Wellness Centers
- Business Center Facilities
- Custom In-room TV Channels
- Outdoor LED
- Parking Facilities

Easy start bundles include launch support and 3 years of service! Call today!

**Give your
guests the
information
they need.**

DIGITAL READER BOARDS

Reader boards for your lobby can be configured to give your guests an overview of all the information they need for their day.

- Meeting & Event information / locations
- Local weather forecast
- News headlines
- Airport departure information
- Welcome message for special groups
- Promote hotel services & amenities
- Promote local businesses
- Loyalty program offers & incentives

INTERACTIVE KIOSKS

Self-service interactive displays help guests find information they need.

- Customizable categories of searchable information such as hotel amenities, local events, attractions, and dining information
- Business card style results on the display gives guests detailed information about results
- Managed via the same Content Management interface as other Capital Networks supported digital signage on the property.
- Guests can “tap” an NFC enabled mobile device to receive coupons or directions to destination.

**Upsell your
F&B and
your event
space when
rooms are
not in use!**

DIGITAL MEETING ROOM SIGNAGE

Digital room signage outside of meeting rooms, board rooms, and conference spaces display occupancy information and pull double duty as a marketing tool for sales & catering when rooms are vacant.

Companion summary reader boards provide a list of all meetings happening in the space.

Meeting and event information is scheduled through Capital Networks web browser-based content management tools or automated from Outlook 365, Google Calendar, Delphi – or other systems available for automation.

Call Capital Networks today to start increasing revenue and enhancing your guest experience with digital signage.
